

# 7th International Symposium on Novel Carbon Resource Sciences

## - *Green Materials for Sustainable Society* -

June 23 (Thu.) -24 (Fri.), 2011  
Yonsei University, Seoul, Korea

We are delighted to announce that the 7th International Symposium on Novel Carbon Resource Sciences: *Green Materials for Sustainable Society* will be held on June 23-24, 2011 at Yonsei University under the auspices of the G-COE program of Novel Carbon Resource Sciences (NCRS), Kyushu University and Yonsei University. The principal concerns of the NCRS G-COE are the development of new scientific frameworks and technologies in the processing and utilization of coal and other carbon resources. The NCRS G-COE tackles the problems of energy security and environmental protection in global priority by trans-disciplinary collaboration over materials, processes and analyses of environment and economics.

The 7th symposium focuses mainly on green material science and technology for the sustainable society, but is intended to cover all aspects of novel carbon resource sciences. The scientific program will include invited lectures and contributed papers (oral and poster).

### Topics for general sessions:

**Green Materials:** carbon materials, materials for energy devices, catalysts for energy-related and environmental processes, materials for efficient energy utilization, *etc.*

**Energy:** conversion of carbon resources, carbon resource development, highly efficient process, new energy *etc.*

**Environment:** pollution control technology, environmental sciences, global, local and living environments, *etc.*

### Key dates:

Deadline for Abstract Submission: May 13, 2011

Deadline for early registration: May 13, 2011

Deadline for Full Papers: May 27, 2011

### Abstract submission:

Those who wish to present a paper are requested to submit an abstract (A4 size, 1 page) by e-mail to the symposium secretariat by May 13, 2011. The one-page abstract will be included in the Symposium Abstract Book. Further information including the format of abstracts is available on the websites.

### Full paper submission

The contributors to general sessions are invited to submit a full paper, though optional, to *The Journal of Novel Carbon Resource Sciences*. The journal is a peer reviewed journal issued by NCRS G-COE. The accepted papers will be published in a special issue or a regular issue of Vol.4 which

will be published not later than September. Instructions for Authors and template for the Journal (JNCRS) can be found on the following Web site:

<http://ncrs.cm.kyushu-u.ac.jp/ncrs2/209.html>

### Registration fee:

20,000 yen

### Website:

Further information will be shown on the following Website: <http://ncrs.cm.kyushu-u.ac.jp/>.

### Contact:

Symposium secretariat at G-COE office

E-mail: [ncrs-sympo@cm.kyushu-u.ac.jp](mailto:ncrs-sympo@cm.kyushu-u.ac.jp)

Yonsei University

E-mail: [ycct2@yonsei.ac.kr](mailto:ycct2@yonsei.ac.kr)

### Organized by:

Kyushu University Global COE Program "Novel Carbon Resource Sciences: Carbon-based Eco-innovations"

Yonsei University

<http://www.ctcenter.or.kr>

### Representatives of Organizing Committee

Prof. Yong-Gun Shul (Yonsei University, Korea)

Prof. Doohwan Jung (KIER, Korea)

Prof. Seong-Ho Yoon (Kyushu University, Japan)

Prof. Yasutake Teraoka (Kyushu University, Japan)
